EDPR
EUROPEAN DIGITAL PROFESSIONS ROAD MAP

Erasmus+
Programme co-funded by the European Union

Welcome to the first issue of the EDPR Newsletter!

EDPR is a European Project focused on the following issues: to improve Professional Digital Skills of the students and teachers, to develop open education and innovative practices in a digital area, to define a basic level of digital competence for contemporary life/worK, to define the IT professions and their IT premises.

The main intention of the project is to create a knowledge base with core information about the innovative training concept of IT education and find the original and interactive training methods.

In this first issue of our newsletter, you will have the opportunity to read all project updates, upcoming events and news related to EDPR Project.
